OKNA

2-PANEL

ELEGANTE

The Elegante | 8800 Patio Doors are an ideal solution for adding light to any room while making the most of limited space. Available in replacement and new construction applications, this elegant design combines the security of structural integrity and the comfort of energy efficiency. A host of options increase the versatility of this product. Elegante Patio Doors are available in Standard Euro-White, Optional Almond, and our beautiful optional wood laminates.

Standard 2-panel unit widths include 59¼", 71¼", & 95¼".

FORESTER

The perfect blend of beauty and functionality. Our Forester | 8200 Patio Doors combine our incredible structural and thermal performance features while maintaining the traditional look of a true wood door. This door is built using a butt-joint weld, showcasing traditional joinery with the benefits of advanced fusion welding. Forester is available in Standard Euro-White, Optional Almond, and our beautiful laminates.

Standard 2-panel unit widths include 59¼", 71¼", & 95¼".

FEATURES & OPTIONS FOR , , , & UNLESS OTHERWISE NOTED.

Anodized Aluminum Track/Threshold
Screen & roller tracks and threshold for increased strength, durability, and longevity.

Interlocking Meeting Rail
Quadruple weatherstripping, controls air/water/dust/noise infiltration. Full-length heavy gauge reinforcements for rigidity and strength.

Thermally Welded Main Frame
Multichambered 5½" main frame, superior strength and insulation. Better thermal efficiency with optional foam.

Precision-Bearing Tandem Rollers
Operating panels are equipped with adjustable, precision bearing tandem rollers for smooth and quiet operation.

ThruVision PLUS® Screens
Our fiberglass improved-visibility screen (above), providing both durability and a less obstructed view than the industry average (below).

Patio Door Pet Screen *Optional*

"Pet Screen" is seven times stronger than traditional insect screening and offers excellent outward visibility. Ideal for those areas prime for potential damage and heavy wear in high-traffic areas.

Multipoint Locking System *Optional*

Upgrade with optional Multipoint Locking System*, with four locking points for added security and used with locking exterior hardware only.

**Multipoint Locking System are standard with 4-panel Patio Doors.*

Foot Lock *Optional*

Our push button spring-loaded foot lock is easy to lock and can be set to allow ventilation while having extra security.

Exterior Hardware

We offer two options for exterior hardware on your patio door, locking and non-locking*.

If you have a custom exterior color on your patio door, we will pick one of the hardware options to best match the color.

Exterior hardware selections are available in the following 4 colors:

Euro-White

Almond

Cocoa

Matte Bronze

*4-Panel Patio Doors automatically use locking exterior hardware with their standard Multipoint Locking System.

In climates where cooling is your main concern, SunSeal® Glass products are designed to reduce solar heat while still providing color neutrality. This solar control property, combined with thermal insulating benefits, results in beautiful, natural-looking glass that helps keep air conditioning costs low.
